

## Washington State **Requires** Approved Vendors for Rx Forms

The state of Washington has become the 9th state to establish a tamper resistant prescription form program that requires a vendor to be approved prior to supplying prescription forms.

**Printco, Inc.** has been approved

If you would like to supply Rx forms to healthcare professionals in Washington, be sure to send your request to

**[sales@printco.com](mailto:sales@printco.com)**

and we will supply you with an information packet which includes pricing, samples, ordering details and sell sheets to take advantage of this great opportunity.
